

Parallel grants from Barncancerfonden

Barncancerfonden has restrictions regarding parallel grants for an individual grant holder. The restrictions are presented in Table 1. Parallel grants are defined as grants with overlapping project periods. The restrictions are applicable for the main applicant. To be a co-applicant on a grant is not a restriction from applying yourself.

Table 1: Allowed grants from Barncancerfonden to be held in parallel as grant holder.

¹ A maximum of two (2) PhD students per main supervisor/grant holder is allowed for this grant type. It is not possible to combine a DK grant (via the supervisor) with a grant for another position.

² Barncancerfonden supports a maximum of two (2) parallel grants per grant holder.

³ The parallel grants must address different research ideas.

⁴ Grant holder of a KP grant is allowed to hold additional KP grants if these are clinical studies, where the main applicant has been appointed as PI by relevant health care planning group.

Abbreviations:

HFT:	Senior childhood cancer research position	(called TJ until 2022)
FT:	Childhood cancer research position	(called TJ until 2022)
PD:	Childhood cancer research postdoctoral position/fellowship	(called TJ until 2022)
ST:	Research residency for pediatricians/pediatric oncologists (ST-läkare)	
KF:	Childhood cancer research months for clinicians	(called TJ until 2022)
DK:	PhD grants for clinicians	(called TJ until 2022)
MT:	Medical technology	
PR:	Project grants	
KP:	Clinical project grants	
VPG:	Health care planning group under PHO	
PL:	Planning grants	
EU:	Co-financing of EU projects	
TSK:	Toxicity and late complications
